§ 90A-79(a) Requirements. - The Board shall require continuing education as a condition of certification and renewal. The Board shall determine the number of hours, based on certifications held, up to a maximum of 12 hours per year, and the subject material for the specified grade level. The Board shall maintain records of continuing education coursework successfully completed by each certified contractor or inspector.

§ 90A-79(b) Approval of Continuing Education Programs. - The Board may approve a continuing education program or course if the Board finds that the program or course provides useful educational information or experience that will enhance the construction, installation, repair, evaluation, or inspection of on-site wastewater systems. Request for approval of continuing education programs or courses shall be submitted to the Board for review no later than two weeks prior to a regularly scheduled Board meeting and prior to the class being held. The Board shall not issue retroactive approvals for any continuing education program or course. Approvals shall be granted on an annual calendar year basis. The Board may develop and offer continuing education programs. (2006-82, s. 1; 2024-49, s. 4.4(a).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
