The Commissioner of Labor is hereby empowered to do all of the following:

To delegate to the Director of the Elevator and Amusement Device Bureau such powers, duties and responsibilities as the Commissioner determines will best serve the public interest in the safe operation of lifting devices and equipment.

To supervise the Director of the Elevator and Amusement Device Bureau.

To adopt, modify, or revoke such rules and regulations as are necessary for the purpose of carrying out the provisions of this Article including, but not limited to, those governing the design, construction, installation, plans review, testing, inspection, certification, operation, use, maintenance, alteration and relocation of devices and equipment subject to the provisions of this Article. The rules and regulations promulgated pursuant to this rulemaking authority shall conform with good engineering practice as evidenced generally by the most recent editions of the American National Standard Safety Code for Elevators, Dumbwaiters, Escalators and Moving Walks, the National Electrical Code, the American National Standard Safety Requirements for Personnel Hoists, the American National Standard Safety Code for Manlifts, the American National Standard Safety Standard for Conveyors and Related Equipment and similar codes promulgated by agencies engaged in research concerning strength of material, safe design, and other factors bearing upon the safe operation of the devices and equipment subject to the provisions of this Article. The rules and regulations may apply different standards to devices and equipment subject to this Article depending upon their date of installation. The rules and regulations for special equipment shall not adopt specifically any portion of the American National Standard Safety Code for Elevators, Dumbwaiters, Escalators and Moving Walks to inclined and vertical reciprocating conveyors.

To enforce rules and regulations adopted under authority of this Article.

To inspect and have tested for acceptance all new, altered or relocated devices or equipment subject to the provisions of this Article.

To make maintenance and periodic inspections and tests of all devices and equipment subject to the provisions of this Article as often as every six months.

To issue certificates of operation which certify for use such devices and equipment as are found to be in compliance with this Article and the rules and regulations promulgated thereunder.

To have free access, with or without notice, to the devices and equipment subject to the provisions of this Article, during reasonable hours, for purposes of inspection or testing.

To obtain an Administrative Search and Inspection Warrant in accordance with the provisions of Article 4A of Chapter 15 of the General Statutes.

To investigate accidents involving the devices and equipment subject to the provisions of this Article to determine the cause of such accident, and he shall have full subpoena powers in conducting such investigation.

To institute proceedings in the civil or criminal courts of this State, when a provision of this Article or the rules and regulations promulgated thereunder has been violated.

To issue a limited certificate of operation for any device or equipment subject to the provisions of this Article to allow the temporary or restricted use thereof.

To adopt, modify or revoke rules and regulations governing the qualifications of inspectors.

To grant exceptions from the requirements of the rules and regulations promulgated under authority of this Article and to permit the use of other devices when such exceptions and uses will not expose the public to an unsafe condition likely to result in serious personal injury or property damage.

To require that a construction permit must be obtained from the Commissioner before any device or equipment subject to the provisions of this Article is installed, altered or moved from one place to another and to require that the Commissioner must be supplied with whatever plans, diagrams or other data he deems necessary to determine whether or not the proposed construction is in compliance with the provisions of this Article and the rules and regulations promulgated thereunder.

To prohibit the use of any device or equipment subject to the provisions of this Article which is found upon inspection to expose the public to an unsafe condition likely to cause personal injury or property damage. Such device or equipment shall be made operational only upon the Commissioner's determination that such device or equipment has been made safe.

To order the payment of all civil penalties provided by this Article. Funds collected pursuant to a civil penalty order shall be deposited with the State Treasurer.

To require that any device or equipment subject to the provisions of this Article which has been out-of-service and not continuously maintained for one or more years shall not be returned to service without first complying with all rules and regulations governing existing installations.

To coordinate enforcement and inspection activity relative to equipment, devices and operations covered by this Article in order to minimize duplication of liability or regulatory responsibility on the part of the employer or owner.

Repealed by Session Laws 2025-63, s. 1(c), effective July 7, 2025. (1985 (Reg. Sess., 1986), c. 990, s. 1; 1995, c. 217, s. 2; 2001-427, s. 11(e); 2025-28, s. 1.6(d); 2025-63, s. 1(c).)

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
