- § 95-111.5(a)

An owner of a device subject to the provisions of this Article, or his authorized agent, is hereby required to make a pre-opening inspection and test of such device, prior to admitting the public, each day such device is intended to be used.
- § 95-111.5(b)

An owner of a device subject to the provisions of this Article, or his authorized agent, is hereby required to maintain for at least the previous 12 months a signed record of the required pre-opening inspection and test and such other pertinent information as the Commissioner may require by rule or regulation.
- § 95-111.5(c)

The Commissioner is hereby empowered to revoke the certificate of operation for any device regulated by this Article upon failure by the owner or his authorized agent to make the required pre-opening inspection and test or to maintain the required record. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
