General Statutes of North Carolina, as published by the General Assembly	S.L. 2007-231, s. 2 — third act in the lineage	21 September 2026, 05:30 UTC	4758cc3924b333a252faaa81 - 5c34a99b7ab3484dd49601fd - ff15383b74ba97c5

§ 95-69.15(a)

There shall be three types of inspectors authorized to conduct inspections and report their findings to the Chief Inspector under this Article:

- (1) Boiler and Pressure Vessel Inspector or Deputy Inspector. - Shall be a qualified individual, employed by the Department of Labor and appointed by the Commissioner, to assist in conducting inspections under this Article and report on the suitability of boilers and pressure vessels so inspected.
- (2) Special Inspector or Insurance Inspector. - Shall be a qualified individual regularly employed by an insurance company authorized to insure in this State against injury to person or property or both from explosions and accidents involving boilers and pressure vessels. Special Inspectors shall not include employees of private contract inspection agencies.
- (3) Owner-User Inspectors. - Shall be a qualified individual employed on a full-time basis by a company operating pressure vessels for its own use and not for resale, and maintains an established inspection program for periodic inspection of pressure vessels owned or used by that company and where such inspection program is under the supervision of one or more engineers having qualifications satisfactory to the Commissioner.

§ 95-69.15(b)

Inspector's Commission. - Any company authorized to insure in this State against loss to person or property as a result of an explosion or accident involving boilers and pressure vessels or operating boilers or pressure vessels or both for its own use and not

for resale, may apply for the issuance of an inspector's commission for an individual within its employ who has a commission from the National Board.

A North Carolina commission authorizes an inspector to make inspections on boilers and pressure vessels and report on the suitability of said boilers and pressure vessels to the Chief Inspector. Those inspectors holding commissions as special inspectors shall be limited to making inspections on boilers and pressure vessels insured by their employer. Owner-user inspectors shall be limited to conducting inspections on boilers and pressure vessels operated by their respective employers.

A person seeking a commission from this State to conduct in-service inspections of boilers and pressure vessels must take and pass an examination on this Article and the rules adopted pursuant to this Article prior to receiving the commission. Any person who has had a commission in this State but who has been inactive for more than one year must take or retake and pass the State examination before conducting further in-service inspections of boilers and pressure vessels.

§ 95-69.15(c) Repealed by Session Laws 2007, c. 231, s. 2, effective July 18, 2007.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
