The General Assembly finds it in the best interests of this State that the establishment, maintenance, and funding of State job training, education, and placement programs be based on current, comprehensive information on the effectiveness of these programs in securing employment for North Carolina citizens and providing a well-trained workforce for business and industry in this State. To this end, it is the purpose of this Article to require the establishment of an information system that maintains up-to-date job-related information on current and former participants in State job training and education programs.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
